Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 1, line 1, replace "the error" with --an error--.

In claim 1, line 17, replace "the correlation" with --a correlation--.

In claim 1, line 21, replace "the estimation" with --an estimation--.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the prior arts of record fail to teach an error correction apparatus and method in an analog-to-digital converter comprising: providing a scrambling scheme of input signals to a DAC, the scrambling scheme defining a scrambling of the input signals as a function of values of a group of variables, to produce scrambled input signals, extrapolating from the scrambling scheme parameters defining a transformation operated by the scrambling scheme on the input signals to obtain the scrambled input signals, assigning to the variables values substantially uncorrelated to each other; on the basis of the parameters of the substantially uncorrelated values and of the scrambled signals, calculating coefficients of a linear combination of vectors of a vector space, the linear combination of vectors corresponding to a vector of the vector space representative of the error introduced by the multibit DAC; calculating the correlation of a signal containing the error introduced by the multibit DAC with each coefficient of the linear combination of vectors, to extract an estimation of each of the vectors; on the basis of the coefficients and of the estimations of the vectors, calculating a linear combination representative of the estimation of the error introduced by the multibit DAC; and using the estimation of the error introduced by the multibit DAC to correct the output signal of the ADC..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
